

First Lime Property Was Let

Lime Property celebrated its first tenant, 4 weeks after launching.

Mr Turner was delighted to collect his keys from the friendly Lime staff and move into his property, "it's been great dealing with Lime Property, the staff couldn't have been more helpful."

Landlord Bala Sivakumar was equally delighted with the speed it took to get her property let and the help in letting out her first investment property.

"I've always wanted to become a landlord and it was great to have somebody like Lime Property show me the ropes. I'm really happy with my choice of agent.

Paul Fielder said he hoped Mr Turner would be the first of many tenants to move into a Lime Property.
